Powering e-Learning

14 February 2010

INCHONE Celebrates 10 years of service

We thank you for your support all these years

This year, Lunar New Year has a special significance for Inchone as we are celebrating our 10th years of service to our customers. We started our operations 10 years ago on Valentine's Day 14th Feb 2000 and have been in operations since then.

We have certainly come a long way from our humble beginnings and worked hard to establish ourselves as a premier e-learning solutions provider in Asia, but all the while Inchone has always been focused on you, our customer and partners. It has been a long and agreeable relationship that we have enjoyed with you and your organization, which have also transformed us to be a better company. Our close collaboration with our partners has also taught us to work together to offer and deliver innovative, high-quality and cost-effective solutions for our customers.

We valued our customers and partners as key contributors to our business growth. Every project we delivered, we gained more and more valuable experience in the process. Your invaluable and continuous business relationships with us have given Inchone the impetus to keep us going and has made our future work possible.

We strive to maintain our status as your preferred trusted partner in your business, and will continue to do our best to serve you well.

Once again, thank you for your continuous support and trust in us.

Respectfully,

The Management & Staff of INCHONE
